**Coaches & Parents**

Fitness Sports is a Specialty Running Store. We carry over 60 models each of men's and women's training shoes. In spikes and racing flats, we stock Nike, Adidas, Asics and Saucony.

After 30 plus years in the specialty running business, F.S. takes great pride in your many recommendations of our ability to help your athletes pick the right shoes for their needs. We do this based on their individual foot structure and running style as well as what they might think is in fashion. F.S. does not limit ourselves to only a few brands as we've found that no one company makes the perfect shoe for everyone.

We cannot force an athlete to buy what we recommend to them. We can alert them if we think they are buying the wrong shoes. We believe that is part of our responsibility. We won't refuse to make the sale. If we refuse to make the sale, they'll just buy it elsewhere.

Shoes are available that will fit most any size & budget. Included is a partial list of closeout shoes.

Tights, shorts, stopwatches, etc. sre always in stock year-round.

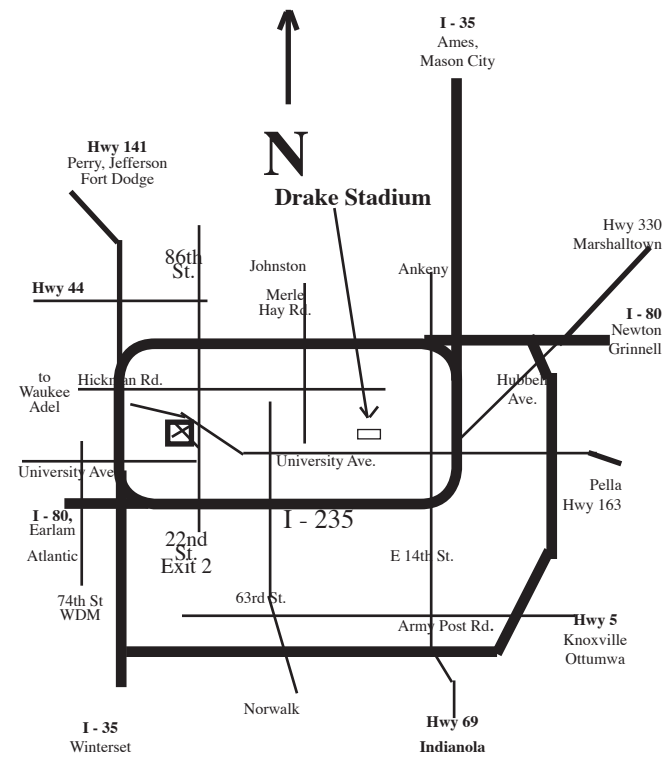

This price list can be downloaded from [www.FitnessSports.com](http://www.FitnessSports.com). Go to Coaches Info.
